ilgrimage travel is like no other travel. It is about connecting physically as well as spiritually with our source of faith. In the holy lands, we can follow the footsteps of Jesus' ministry in the fertile Galilee and touch the very ground of his Passion and triumphant Resurrection in Jerusalem. We can relive the spread of the Gospel with Paul on his missions to Asia Minor (Turkey) and Greece. We can climb the mountain where the Lord spoke to Moses and look out over the desert wilderness where the Israelites passed from bondage in Egypt to freedom in the Promised Land.

Feel the sun, smell the sea, taste the desert just as it was two thousand years ago.

Ya'lla Tours USA has been a leader in pilgrimage travel since 1993. It is our long-standing policy to work with travel agents; we do not solicit religious leaders or organizations directly.

Upon your request, we will conduct informational meetings or conference calls with group leaders and travelers. We are here to work in partnership with you to provide the best possible pilgrimage experience for your clients.

If you have never organized a faith-based group before and need guidance, please don't hesitate to give us a call. We'll give you advice on how to approach a potential group leader and help you anticipate and address questions and concerns that might arise.

Free Christian DVDs are available for Israel, Turkey and Greece.
